

May Hollow Woods

Price List			
Farm	Acres	Price	Mo.Pmt.
11	50.624	\$74,400	

This is the last large tract I have available in Kentucky.
Financing may be available for qualified buyers with a 10 percent down payment.

Notes

1. Although tract 10 has plentiful road frontage, it is best accessed by the old road that begins on Tract 9, and an easement is provided to grant this easy access.
2. Tract 11 is best accessed from the east side, where the road doubles back and touches the property.
3. Most of the timber has been cut on tracts on the north side of the road (1-5). Tracts on the south side have some young timber, which may not be cut until property is paid for.
4. Deed restrictions against mobile homes over 15 years, junk, junk cars and swine.
5. Seller reserves one-half of the usual one-eighth royalty in oil and gas.
